NPIC/TSSG/DED-1671-69  
18 June 1969

MEMORANDUM FOR: Chief, Development & Engineering Division  
SUBJECT: Creativity Sessions  
REFERENCE: NPIC/TSSG/DED-1618-69 (attached)

1. The results of the voting for topics recommended for future brainstorming sessions were as follows. Only subjects having two or more votes are listed.

Communication within NPIC	7 votes
Communication with other R&D organizations	5 votes
[redacted]	4 votes
Implementation or Recommendations & Reports	4 votes
Communication within DED	3 votes
Imagery Interpretation Process Research	3 votes
Retraining Personnel for Future Systems	3 votes
Future Systems	3 votes
Long Range Program	3 votes
Information Technology	2 votes
Test and Evaluation Equipment & Techniques	2 votes

2. Since communications seems to be a concern of quite a few of our staff and since [redacted] is on a committee to help solve this problem, I think it would be worthwhile to devote a brainstorming session to this topic. I suggest July 17 for such a meeting. Meeting duration should not exceed one hour.
